AUDITORS' REPORT

**TO THE BOARD OF TRUSTEES
TAURUS MUTUAL FUND**

We have audited the attached Balance Sheet as at March 31, 2011 and the Revenue Account for the year ended on that date, annexed thereto of **Taurus Infrastructure Fund** (the scheme) of Taurus Mutual Fund. These financial statements are the responsibility of the Management. Our responsibility is to express an opinion on these financial statements, based on our audit. We report that:

1. Our audit was conducted in accordance with the generally accepted Standards on Auditing in India. Those Standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatements. An audit includes examining on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by the Management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.
 2. We have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purpose of our audit.
 3. The Balance Sheet and the Revenue Account are in agreement with the books of account of the Scheme.
 4. In our opinion, valuation methods adopted by the scheme for Non Traded Securities, are fair and reasonable and are in accordance with the guidelines for valuation issued by SEBI and have been approved by the Trustees.
 5. The accounts have been prepared in accordance with the accounting policies adopted by the trustees of the Fund and as specified in the Ninth Schedule to the SEBI (Mutual Funds) Regulations, 1996.
- 

6. In our opinion and to the best of our information and according to the explanations given to us, the said accounts give the information required by the SEBI (Mutual Funds) Regulations, 1996, and give a true and fair view in accordance with the generally accepted accounting principles in India:
- a. in the case of the Balance Sheet, of the state of affairs of the scheme as at March 31, 2011; and
 - b. in the case of the Revenue Account, of the surplus of the scheme for the year ended on that date.

Schedule - H:

Significant Accounting Policies and Notes to Accounts (Annexed to and forming part of Balance Sheet as at March 31, 2011 and Revenue Account for the year ended March 31, 2011).

1 Significant Accounting Policies :

a) Method of Accounting

The Scheme maintains its books of accounts on accrual basis. The accounting policies of the Scheme and its Financial Statements are prepared in accordance with Securities and Exchange Board of India (Mutual Fund) Regulations, 1996 (SEBI).

b) Portfolio Valuation

Investments are valued on "Marked to Market" basis, as per SEBI guidelines principally as stated below:

I. Traded investments in Equity & Equity related securities are valued at the last quoted closing price on the Bombay Stock Exchange and if such quotation is not available, at the quoted price on any other stock exchange. If the security has not been traded on the valuation date, then the security is valued at the last quoted price available on any stock exchange upto 30 days prior to the valuation date.

II. Non-Traded/Thinly traded/Unlisted Equity and Equity related securities, including those not traded within 30 days prior to valuation date, are valued at fair value, as determined "in good faith" by the Board of the Asset Management Company, in accordance with the guidelines for valuation of securities for mutual funds, as issued by SEBI and approved by the Board of the Trustee Company.

III. Traded debt and money market securities, (other than Government Securities of over 91 days to maturity) are valued at the weighted average price at which they are traded on a particular valuation day. Upto July 31, 2010, these were valued based on the closing traded price. A debt security (other than Government Securities) is considered as a thinly traded security if on the valuation date, there are no individual trades in that security in marketable lots (presently Rs. 5 crore) on the principal stock exchange or any other stock exchange.

IV. Non-Traded/Thinly traded debt and money market securities are valued at fair value, as determined "in good faith" by the Board of the Asset Management Company, in accordance with the guidelines for valuation of securities for mutual funds, as issued by SEBI and approved by the Board of the Trustee Company as given below :

i) Non Traded / thinly traded debt and money market securities, including floating rate securities, with residual maturity of upto 91 days, are valued on amortisation basis. Upto July 31, 2010, these securities with residual maturity of upto 182 days were valued on amortisation basis.

ii) Non traded / thinly traded debt and money market securities, including floating rate securities, with residual maturity of over 91 days, are valued at the benchmark yield/ matrix of spread over the risk free benchmark yield obtained from agencies entrusted for the said purpose by AMFI. Upto July 31, 2010, these securities with residual maturity of over 182 days, were valued at the benchmark yield/ matrix of spread over the risk free benchmark yield obtained from agencies entrusted for the said purpose by AMFI.

iii) Non-investment grade performing debt securities are valued at a discount of 25% to the face value.

iv) Non-investment grade non-performing debt securities are valued net of provisions.

V. Investments in Central Government Securities are valued at the prices released by CRISIL, an AMFI approved independent agency, in accordance with the SEBI regulations.

VI. Investments in Collateralised Borrowing and Lending Obligation (CBLO), bills purchased under rediscounting scheme and short-term deposits with banks are valued at cost plus accrual.

VII. Derivatives : The Scheme enters into derivative transactions in equity/ index futures for the purpose of hedging and portfolio balancing. Derivative margin deposit representing margin towards equity derivative contracts entered into by the scheme, is disclosed under "Other Current Assets". In the case of Futures, all open positions are valued at future settlement price, as determined by the exchange where it is traded. The Mark to market is considered as unrealised appreciation or depreciation.

c) Investment Transactions

I. Investment transactions are accounted on the trade date for equity and debt securities. The cost of acquisition includes the cost of purchase, stamp duty, securities transaction tax and charges customarily included in the broker's bought note. In respect of privately placed debt instruments, front-end discount is reduced from the cost of investment.

II. Bonus and Right entitlements are recognised on ex-bonus and ex-rights dates respectively.

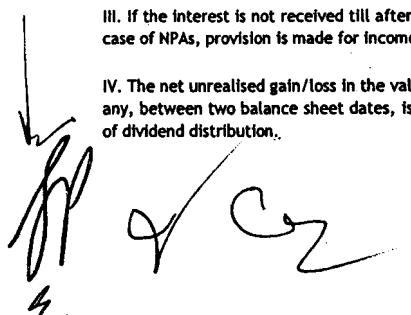

d) Recognition of revenue and treatment of expenses

I. Dividend is recognised on ex-dividend dates of the respective scrips. Dividend on unquoted investments is recognised on date of declaration.

II. Interest is accrued on a day-to-day basis, except for debt classified as non-performing assets, on which interest is recognised on receipt basis, in line with applicable regulations. In respect of interest bearing investments, interest paid at the time of purchase for the period from the last interest due date upto the date of purchase is debited to Interest Recoverable Account and interest received at the time of sale for the period from the last interest due date upto the date of sale is credited to Interest Recoverable Account.

III. If the interest is not received till after the expiry of the 1st quarter from the date the income has fallen due, no further interest accrual is made on that asset. In case of NPAs, provision is made for income accrued & not received within the time period specified by SEBI.

IV. The net unrealised gain/loss in the value of investments is determined separately for each class of investment. Further, the change in net unrealised gain/ loss, if any, between two balance sheet dates, is recognised in the Revenue Account. However, unrealised gain is excluded for calculating distributable income at the time of dividend distribution.

V. Registrar expenses common to the fund have been allocated in proportion to the monthly number of transactions and other common expenses have been allocated in proportion to the number of unitholders of the respective schemes as at the month-end to which the expenses pertain.

VI. Profit or loss on sale or redemption of investments is computed by comparing the sale price with the weighted average cost of investments sold.

VII. Marketing and incidental expenses incurred in connection with the collection / redemption of the units are charged to the respective scheme and common marketing expenses are allocated to all open ended schemes in proportion to the unitholder folios in each scheme. Expenses incurred in excess of the regulatory limits are adjusted against exit load payable to the extent available. Expenses incurred excess of load available are charged to the AMC.

e) Unit Re-purchase/ Sale transactions

Unit repurchase/sale transactions are recorded on the basis of advice received from the Registrar & Transfer agent on a daily basis. The discount/premium on re-purchase is credited/debited to Unit Premium Reserve. Similarly the discount/premium on sale of units is debited/credited to Unit Premium Reserve.

f) Income Equalisation Reserve

Pursuant to SEBI circular dated March 15, 2010, in the case of open ended schemes, when units are purchased / sold by the scheme at NAV based price, an amount representing unrealised appreciation per unit is transferred to Unit Premium Reserve. The balance amount of purchase / sale price after reducing the face value of units is transferred to Income Equalisation and net balance of this account is credited or debited to Revenue Account at the year end. The distributable surplus is arrived after excluding both unit premium reserve as well as unrealised appreciation from NAV.

g) Determination of net asset values

I. The net asset value of the units of the scheme is determined separately for units issued under the different plans / options.

II. For calculating the net asset values under different plans / options, the amount of sale/repurchase of units under each plan / option are separately accounted for. Further, net income arising from such deployment are allocated daily to the plans / options in proportion to their Net Asset Values.

h) Entry and Exit Load

I. No entry load is charged on fresh purchase applications received after August 01, 2009.

II. The Exit Load charged upto 1% is utilised for meeting marketing and incidental expenses. Unutilised amount of load is carried forward to subsequent years unless the same is considered to be in excess by the Trustees. In the event the load is considered to be in excess by the trustees, the same is recognised as an income. Exit Load charged above 1% is recognised as an Income of the scheme immediately.
